Excisions: Excisions Recommended And Made

Reasons for excisions:

The DVD contains scenes five, six, and seven of the feature started on disc one (OFLC Ref. 601880). Seven excisions in total are required to reduce the extent and degree to which the DVD degrades, dehumanises and demeans women, and represents that they are inherently inferior. One excision is to remove the conclusion of scene seven, which depicts the contrived presentation of a woman engaged in servile sexual conduct, which degrades, dehumanises and demeans her to a high degree. Six further dialogue excisions to scenes five and seven are necessary to remove derogatory comments made by men toward women. The men's disparaging commentary makes the sexual activity depicted highly degrading, dehumanising and demeaning to the women participants.

The distributor agreed to the excisions and in compliance with this, submitted another version of the DVD. In this version all recommended excisions have been made to the satisfaction of the Classification Office. While re-authoring the DVD the distributor made several alterations to the extra components which mean the total running time of the excised version is longer than that of the original.
